Pew Research Center
 Fall 2020 Survey
 January 14, 2021 Release

Methodological notes:

- Survey results are based on national samples. For further details on sample designs, see our [international survey methods database](#).
- The following table shows the unweighted sample sizes and the error attributable to sampling that would be expected at the 95% level of confidence for different groups in the United States in the survey:

Group	Unweighted sample size	Weighted %	Plus or minus ...
Total sample	1003		3.7 percentage points
Rep/Lean Rep	426	41	5.6 percentage points
Dem/Lean Dem	492	49	5.3 percentage points

- Due to rounding, percentages may not total 100%. The topline “total” columns show 100%, because they are based on unrounded numbers.
- Not all questions included in the Fall 2020 Survey are presented in this topline. Omitted questions have either been previously released or will be released in future reports.
