Pew Research Center
Spring 2025 Global Attitudes Survey
June 3, 2025 Release

Methodological notes:

- Survey results are based on national samples. For further details on sample designs, refer to the Methodology.
- Due to rounding, percentages may not total 100%. The topline “total” columns show 100%, because they are based on unrounded numbers.
- Combined totals are based on unrounded topline figures. We changed rounding procedures in 2024, so results published prior to 2024 may not match exactly to current releases.
- We have changed our survey mode in several countries at certain points. For some mode shifts, we may provide trends from another mode for comparison in separate topline tables. The extent of the mode differences varies across questions; while there are negligible differences on some questions, others have more pronounced differences. Caution should be taken when comparing across modes. Some of these changes include:
 - Surveys in the U.S. and Australia which are now conducted primarily online, rather than by telephone.
 - Surveys in Hungary and Poland which are now conducted by telephone, rather than face-to-face.
 - Since 2020, the Italy survey has been conducted by telephone; surveys were conducted face-to-face in 2002 and 2007-2019.
 - Since 2021, the Greece survey has been conducted by telephone; all prior surveys in Greece were conducted face-to-face.
- Not all questions included in the Spring 2025 Global Attitudes Survey are presented in this topline. Omitted questions have either been previously released or will be released in future reports.
