

**2025 PEW RESEARCH CENTER'S AMERICAN TRENDS PANEL
WAVE 164 FEBRUARY/MARCH 2025
FEBRUARY 24-MARCH 2, 2025
TOTAL N=5,123**

The questions presented below are part of a larger survey conducted on the American Trends Panel. Other questions on this survey have been released or are being held for future release.

Note: All numbers are percentages unless otherwise noted. Percentages less than 0.5% are replaced by an asterisk (*). Rows/columns may not total 100% due to rounding.

"No answer" includes web respondents who do not answer the question as well as telephone respondents who refuse to answer or who say they don't know how to answer. In cases where "Not sure" was offered as an explicit option to web and telephone respondents, the "No answer" category includes only web skips and telephone refusals.

This survey was conducted primarily online, with some interviews conducted by live telephone. This topline shows the programming language for online administration. For details on how questions were slightly modified for phone administration, visit the questionnaire.

American Trends Panel surveys conducted between October 2016 and June 2024 were conducted fully online (with tablets and data plans provided to adults without home internet). American Trends Panel surveys conducted prior to October 2016 were conducted primarily online, with some respondents completing by mail. For additional details, visit the methodology.

¹ In March 2023, GPT2 did not use a randomly assigned split form.² Those who said they have heard nothing at all about ChatGPT or gave no answer to GPT1 did not receive GPT2a-b.³ Employed adults who said they have heard nothing at all about ChatGPT or gave no answer to GPT1 did not receive GPT2c. Additionally, those who were not currently working or gave no answer to EMPLSIT did not receive GPT2c, regardless of answer to GPT1, but are not included in this table.
