Pew Research Center
Spring 2025 Global Attitudes Survey
February 17, 2026, Release

Methodological notes:

- Survey results are based on national samples. For further details on sample designs, refer to the Methodology section and our [international survey methods database](#).
- Percentages may not total 100% due to rounding. The topline “total” columns show 100% because they are based on unrounded numbers.
- Not all questions included in the Spring 2025 Global Attitudes Survey are presented in this topline. Omitted questions have either been previously released or will be released in future reports.
- Data presented in this topline are the share of a given public who mention a topic in an open-ended response. Each topic is part of a Pew Research Center-generated codebook. For more on how responses were coded or the codes themselves, see [Appendix B](#) and [Appendix C](#), respectively.
