**Pew Research Center  
Spring 2026 Global Attitudes Survey  
June 2, 2026 Release**

Methodological notes:

- Survey results are based on national samples. For further details on sample designs, refer to the [Methodology section](#).
- Due to rounding, percentages may not total 100%. The topline “total” columns show 100% because they are based on unrounded numbers.
- Not all questions included in the Spring 2026 Global Attitudes Survey are presented in this topline. Omitted questions have either been previously released or will be released in future reports.

Open-ended question. We asked this question for anyone who said they were not too likely, somewhat likely, very likely or extremely likely to follow the competition, but we do not report winner predictions for those who said they are not too likely to follow. Teams mentioned by fewer than 1% of responses are not shown. The survey was fielded before Italy officially failed to qualify for the 2026 World Cup.
