

Topline questionnaire

Pew Research Center
Spring 2026 Global Attitudes Survey
June 18, 2026 Release

Methodological notes:

- The Spring 2026 Global Attitudes Survey was conducted among adults in 37 countries. This topline presents figures for the six Latin American countries.
- Survey results are based on national samples. For further details on sample designs, refer to our [international survey methods database](#).
- Religiously unaffiliated adults in Peru are not shown separately due to insufficient sample size.
- Due to rounding, percentages may not total 100%. The topline “total” columns show 100% because they are based on unrounded numbers.
- Not all questions included in the Spring 2026 Global Attitudes Survey are presented in this topline. Omitted questions have either been previously released or will be released in future reports.
- Previous results on pope favorability in Latin America can be found at the following locations for [our 2013-14](#) and [2024 surveys](#).
