Questions:

Please tell me whether you agree or disagree with each of the following statements:

The U.S. should mind its own business internationally and let other countries get along the best they can on their own.

The United States should cooperate fully with the United Nations.

Since the U.S. is the most powerful nation in the world, we should go our own way in international matters, not worrying too much about whether other countries agree with us or not.

Questions: In the future, should U.S. policies try to keep it so America is the only military superpower?

Compared with the past, would you say the U.S. is more respected by other countries these days, less respected or as respected as it has been in the past?
